Enjoy a Ho Ho Ho lot of pre-holiday cheer when our Director of Innovation & Communications KELLY STANDING will present a "Celebration Simulation," one of Kelly's most requested programs for four years straight at the University Club of Chicago, one of our Reciprocal Clubs.

Just in time for all of those holiday parties on your horizon, "Oh, what fun it will be to ..."

- Practice connecting comfortably with people you see only once a year.
- Learn how to talk over, around and through clinking cocktails, quirky relatives and potentially painful political rehashes -- conversations that may not leave you in a holiday mood without a little strategizing.
- Practice reactions to presents you don't want, guests you don't expect and/or side dishes you don't like.

Bring colleagues, clients, protégés, friends, family and prospective members for a joyful, pre-jingle chatfest.

Business Casual attire. Please RSVP no later than 5:00 p.m. October 18 – Call 314-726-1964 or email: reception@stlclub.com
